## AGCO Parts HY-HTX

### AGCO Parts references:

---

VACC3548 20ltr  
VACC3549 205ltr

### Description

---

AGCO Parts HY-HTX is formulated with the very highest quality base oils and specially designed additives to produce a transmission and hydraulic oil that can be used where the Case - IH MS 1207 / MS 1209 specification is required. The special additive pack also gives this oil superior resistance to oxidation, rust, corrosion, together with improved anti-foam performance. In addition this oil has excellent EP and anti-wear properties.

### Applications

---

This oil is recommended for tractor transmissions, hydraulic systems and rear axles, where the use of this type of oil is specified.

### Specifications

---

AGCO Parts HY-HTX meets the specification requirements of Massey Ferguson MF 1127 and is suitable for use in equipment requiring Case MS 1207 and MS 1209 performance levels and McCormick Tractors International HTX transmission and hydraulic fluid specifications.

### Storage

---

All packages should be stored under cover. Where outside storage is unavoidable drums should be laid horizontally to avoid the possible ingress of water and the obliteration of drum markings. Products should not be stored above 60°C, exposed to hot sun or freezing conditions.

### Health, Safety and Environment

---

Health, safety and environmental information is provided for this product in the Materials Safety Data Sheet. This gives details of potential hazards, precautions and First Aid measures, together with environmental effects and disposal of used products. You should ensure that the product is only used for the purpose specified.

## Typical Characteristics

---

Density at 15 <sup>D</sup> C	0.882
Viscosity at 100 <sup>D</sup> C (cSt)	6.6
Viscosity at 40 <sup>D</sup> C (cSt)	37
Viscosity Index	114
Flash Point, closed ( <sup>D</sup> C)	190
Pour Point ( <sup>D</sup> C)	-40
Foam Test	Pass

The above figures are typical of those obtained with normal production tolerance and do not constitute a specification.

This Product Information Sheet contains details considered to be accurate at the date of printing. No warranty or representation, expressed or implied, is made as to the accuracy or completeness of the data and information contained in this publication.

The Seller shall not be responsible for any loss or damage resulting from any hazards or risks identified in the data sheet and which are associated with petroleum products concerned (provided that this disclaimer shall not affect any statutory rights of the Buyer of the petroleum products concerned).

It is the User's obligation to evaluate and use products safely and within the scope advised in the data sheet and to comply with all applicable laws and regulations. No statement made in this publication shall be construed as a permission, recommendation or authorisation given or implied to practice any patented invention without a valid licence.

You should always refer to the relevant machine Operators Instruction Manual and only use correct specifications advised
